POSTAL RATES (NEW ZEALAND)---> Effective 1 July, New Zealand Post will implement a postal rate increase (www.nzpost.co.nz/july2014). The postage required to send "medium letters" by International Air to Australia & South Pacific will be 2.00 NZD (about 1.75 USD), and 2.50 NZD (about 2.20 USD) to the rest of the world.

QSL 4U1ITU, 4U1UN & 4U1WRC ---> Get your missing QSLs for QSOs with 4U1ITU, 4U1UN and 4U1WRC (2012) at the Swiss DX Foundation's booth at Hamradio 2014 (Friedrichshafen) on 27-29 June. Additionally you can also get QSL cards for HB9SOLAR and HB14SAF. Bring your QSO data with you and observe the working hours of the QSL manager (to be available at the booth). [TNX DX Newsletter]

QSL FT5ZM ---> On 17 June N2OO reported that the cards were "just arriving from printer. The SJDXA QSL team has been hard at work preparing the labels. All of our attention is focused on FT5ZM QSLs right now. I ask everyone waiting for other cards that I handle to be patient while we get through this enormous project".

QSL HZ1HX ---> Effective 1 June, E73Y is the new QSL manager for HZ1HX. Boris has complete logs and will be able to confirm direct and bureau requests for all QSOs. Clublog OQRS will be activated he receives the cards from the printer.

VK0EK: HEARD ISLAND 2016 ---> The radio team is being reorganized from

scratch. "We have been building the radio team over the past year", the latest (14 June) post on <http://vk0ek.org/> says, "and we have more than half the projected 20 participants committed. Unfortunately, in the past two months five team members withdrew, including the team leader, citing conflicts or the desire to participate in a shorter, less challenging DXpedition". Therefore it has been decided to completely reorganize the radio team. "The first step is to identify a new team leader who is widely respected in the DXing community and experienced with organizing and leading DXpeditions to rare locations. The new team leader will have the authority and responsibility for re-building the radio team and for managing the amateur radio operations on Heard Island".

W1AW WAS ---> Look for ARRL Centennial stations W1AW/3 from Maryland and W1AW/9 from Illinois to be on the air starting at 00.00 UTC on 25 June until 23.59 UTC on 1 July. Complete information on the ARRL Centennial QSO Party can be found at www.arrl.org/centennial-qso-party.

WRTC 2014: CALLSIGNS ---> WRTC teams will be using 59 of the 75 call signs in the "1 x 1" special event block for the first call area, from K1A through W1Z. Sixteen of the available 75 callsigns will not be used, including the longest and shortest CW suffixes (J, Q, Y, E), suffixes that are frequently miscopied on CW (H) and suffixes not available in this callsign series (X). The teams will not know the callsign they will use until the referee hands them a sealed envelope just 15 minutes before the contest begins. This puts all teams at an equal starting point and helps maintain the anonymity of the teams. Participation awards are available for anyone who works a WRTC 2014 teams during the competition: www.wrtc2014.org/competition/participation-awards/.
