DXCC NEWS ---> TT8AMO (Chad, 2015 operation) has been approved for DXCC credit.

INDEXA NEWSLETTER ---> The Winter 2016 Edition of the International DX Association's (INDEXA) Newsletter is now available for download at www.indexa.org/newsletters.html. This issue (#112) includes a report of the TX3X DXpedition to Chesterfield Islands conducted in early October 2015. "Sometimes Mother Nature can throw weather and propagation woes that far outdo whatever mischief Mr. Murphy might delight in providing. Read how very rough seas disturbed even sleeping patterns for the TX3X team and how Planetary K-factors were a perfect measure of the reduced propagation between the team and the world that they had hoped to serve. Then, applaud the team for doing the best that they could". [TNX W3OA]

S79C ---> The S79C (AF-119, November 2015) video produced by team member PA3EWP is available on YouTube: <https://www.youtube.com/watch?v=eKXIjVWvKos> [TNX DX World]
