425 DX NEWS MAGAZINE ---> The January 2014 issue is now available for download at www.425dxn.org/monthly/index.html. [TNX IZ3EBA]

ARRL INTERNATIONAL DX CONTEST (CW) ---> Object of the contest is for W/VE amateurs to work as many stations in as many DXCC entities as possible on 160, 80, 40, 20, 15, and 10 metre bands, while foreign amateurs (also including KH6, KL7, CY9 and CY0) work as many W/VE stations in as many of the 48 contiguous states and provinces as possible (complete rules can be found at www.arrl.org/arrl-dx). This year's event will run from 00.00 UTC on 15 February through 23.59 UTC on the 16th. Do not forget to give a look at the Announced Operations listing maintained by Bill, NG3K at www.ng3k.com/Misc/adxc2014.html - good contest to you all!

DX UNIVERSITY ---> The DX University will conduct two sessions at the International DX Convention at the Convention Center in Visalia on 4 April. The first session in the morning will consist of presentations aimed at less experienced DXers; the second session in the afternoon will consist of a seminar on more advanced DXing and DXpeditioning topics. Registration is open on www.dxuniversity.com.

FT5ZM ---> FT5ZM went QRT from Amsterdam Island at 02.20 UTC on 12 February, a little earlier than expected, because the team wanted to leave as quickly as possible to avoid a bad storm which was heading their way. The Amsterdam DXpedition team made a total of 170,000 QSOs with 36,300 uniques.

The OQRS on Club Log has been enabled. The Daily DX reports a couple of minor glitches. First, "when OQRS was initially enabled the email address associated with the OQRS payment was entered in error. This was corrected as soon as it was discovered. For those who requested a QSL from FT5ZM via OQRS, please check your PayPal account. If the payment status indicates "unclaimed", simply cancel this transaction and submit a new OQRS request. If you have any questions please send an email to gregg.w6izt@gmail.com". Second, "several people have reported OQRS on Club Log does not allow another OQRS request, despite the clearly marked button that says 'request again'. This seems to be a problem with those using Explorer web browser but does work with Firefox (and probably others). If you can not get it to work it might be worth trying another Web browser such as Firefox, Safari, Chrome, etc."

IOTA BASH ---> The 10th annual IOTA Bash will be held on 14-15 March in Boerne, Texas. The agenda includes presentations by K9AJ, EA3NT, AB5EB and K6VVA and a nice social programme. Information for attending the Bash can be found on the IREF website (www.islandradio.org). If you have questions please contact Mike Crownover, AD5A (ad5a@gvtc.com) [TNX AD5A]

QSL E720SRRS & E720ZRH B ---> Robert, E77E reports that all of the QSOs with E720SRRS, E720SRRS/p and E720ZRH B will be confirmed automatically via the bureau as soon as the cards are printed.

QSL VK0TH ---> Trevor, VK8TH has reversed his decision on QSL cards [425DXN 1186]. He now intends (1) making the log available to an amateur who will ensure it is logged to LOTW, and (2) taking up the offer of a QSL Manager. "The remainder of the QSL cards received I will process myself (roughly 300). There will be a delay as I will need to purchase another batch of QSL cards however I will ensure they go out to all".

W1AW WAS ---> Look for ARRL Centennial stations W1AW/8 from Michigan and W1AW/4 from Florida to be on the air starting at 00.00 UTC on 19 February until 23.59 UTC on the 25th. Complete information on the ARRL Centennial QSO Party can be found at www.arrl.org/centennial-qso-party.

WRTC2014 ---> The WRTC2014 Steering Committee permits each WRTC organizer to offer the opportunity for sponsors to name teams outside the normal qualification process as a fund raising mechanism. For WRTC2014, the first three sponsorships were available on a first-come first-served basis:
- The "Latitude 13" team is so named because the locations where the two

operators usually compete are both at 13 degrees latitude. The sponsor has named Tom Georgens, W2SC and Dave Mueller, N2NL, as the team.

- "RadioTeam Azores" is sponsored by Azores Tourism Association. They have appointed Martti Lane, OH2BH, and Ville Hiilesmaa, OH2MM, as their team.
- The "Brazil-Bulgaria Friendship Team" is sponsored by a consortium including The Araucaria DX Group, Triumph IESA Infrastructure AS, the Sao Paulo section of LABRE, K1LZ, and the Bulgarian Federation of Radio Amateurs (BFRA). They have appointed Soni Leite, PY1NX, and Atasnas "Nasko" Koitchev, LZ3YY/LZ9R, as their team.

The fourth and final Team Sponsorship will be made available through an auction to be conducted on 8 March. Anyone interested in participating in the auction should contact WRTC Chairman, Doug Grant, K1DG (k1dg[@]wrtc2014.org) as quickly as possible to register.
