The Ohio/Penn DX PacketCluster
DX Special Bulletin No. 1354.3
BID: \$OPDX.1354.3
March 9, 2018
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)
Written/Sent From Strongsville, OH

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network and N7NG for the following DX information.

3C0W/3C1W, ANNOBON ISLAND & EQUATORIAL GUINEA DX NEWS (Update, March 9th).
From the 3C0W/3C1W Web page <http://www.lral.lv/3c0w_3c3w/index.html>:
As planned, 3C3W is now QRT and team is getting ready for the flight to Annobon tomorrow. Whole log is uploaded to Clublog. 30 323 QSOs in the log.

FAREWELL WEEKEND FROM Z60A (Press Release, dated March 9th).
PRISTINA, REPUBLIC OF KOSOVO -- Since the original activity from Kosovo was much hampered by a high noise level at both locations particularly on low-bands, a team led by Pertti, OG2M, Miro, OM5RW and Rudy, OM3PC and Driton, Z61DX has put all its effort into hoisting full size verticals for this weekend from a quiet location beyond the city noise. Beverages have been built for the U.S and Japan. They are using a local cell site tower as their supporting structure.

The trio will have two signals on the air throughout the next three (3) nights, on 160, 80, 40 and 30M. In addition, they will still penetrate the 20M openings above 14025 KHz for U.S. Advanced and Generals.

Last night they were able to reach the U.S on 160M and even the West Coast on 80M with only 100 watts thanks to N6TQ and others. Tonight they will have full power.

Early this week also marked another happy occasion as six (6) more Kosovar youth took their exams for amateur radio license.

On Tuesday next week the group at Z60A will start taking apart their two sites, while the towers and beams will soon be QRV with the locals. This first radio activity of the Mission Goodwill Kosovo will soon be history.

The QSL design is in the works, and cards should start coming out by mid-April.

Thank you for interest in Kosovo and its evolving Amateur Radio.
