Written/Sent From Strongsville, OH

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, and the PIDXG for the following DX information.

VP6D ISLAND REPORT/UPDATE/Correction (October 26th) [edited].

We made an error in yesterday's report.

- DXA does catch up after a network outage, DXA is reflecting the N1MM log. There still may be some FT8 contacts that didn't get uploaded, this is work in progress.
- We are close to 60,000 QSOs, another log update in a few hours, when we should have a better count.
- At least 6 more full days of operation planned.
- Last night VP6D made the first ever 6 meter EME contacts from Ducie Island. 5 contacts are in the log EME, we'll try again tonight.
- Based on over the air comments, we are being told a lot of ATNOS were made.

More to follow when the team provides their morning update.

Team Ducie 2018
